About Us

Being in nature makes me
feel happy and more alive!
As does being with my team...

Spending time together outdoors, taking long walks amidst the prairie flowers, gathering inspiration, discussing creative challenges, and sharing insights on just about everything is a rewarding way to stay connected with each other. I go back into the studio with fresh ideas.

We hopefully bring some of these to you on the following pages. Thank you for your continued enthusiasm for Willow Tree!

Sustainable Packaging

I am passionate about conservation of natural habitats and the wildlife that depends on them. This passion colours everything I do and make. So, sustainable packaging is a primary concern for our brand, while keeping in mind affordability, breakability and accessibility.

Our aspiration is to use recycled and recyclable packaging materials for each piece we produce. Improving the quality of our materials is a constant focus of our team, and it is indeed improving, as new resources and materials become available.

Since Summer 2020, every new piece is packaged with eco-friendly recyclable packaging, and every year we convert more of the existing pieces. Our Goal by Year-End 2024 is for production of 100% of the Willow Tree® line to be in eco-friendly 100% recyclable or compostable packaging.

Each one of us, doing something small and positive, can make a difference. And whatever we do for our earth – for nature – is good for all of us! I find this to be an uplifting and hopeful message for the future.

Signature Collection

Wishing and Sanctuary are both in the Signature Collection of figures, inspired by the decorative arts and architecture from Susan's travels to cities such as Prague and Vienna. The custom-designed Signature Collection Box includes an enclosure card for gift-giving.

'I embellished the surfaces with gold dots—symbolising light, or energy, hope, inner strength...gold connotes preciousness and enduring value, and I wanted this to be a special collection.'

Height: 13.0cm 📦

'I have two little granddaughters. One minute they're squabbling over a toy or jostling for attention, and the next minute, they're hugging and kissing each other. It's a constant back and forth of friend and foe. I'm watching them forge a relationship that will last all their lives.

I hope my granddaughters develop the closeness that I've always enjoyed with my two sisters. There's nothing like the love of a sister. It grows out of a shared history of funny, stormy, trying, joyful experiences...creating the foundation on which every strong relationship is built.'

Hope / Healing /
Remembrance

'Our healing touch is all about the hair. Hair is a symbol of our identity — who we are, how we see ourselves. Our hair differentiates us, but also connects us. Isn't the first way we 'date' a photograph by the hairstyle? Hair is tactile, sensuous, and the touching and stroking of it can be comforting and healing. These women are connecting with each other in a quiet moment, attuned to each other, in harmony.'

Love / Friendship

A puppy brings joy, exuberance and a bit of chaos into the household at first, then mellows over time to become a companion, a playmate, a confidante; always happy to see us, never tiring of our presence.

As a metaphor for friendship, a dog represents the trust and comfort of a good friend, and how this relationship grows in value through the years.

'When carving this figure, I was influenced by the postures of classical sculptures, where the line of the shoulders is in opposition to the hips, or 'contrapposto'. I wanted the gesture to involve her whole body — 360 degrees. So any way that the viewer turns the figure, there is movement and life and expression.

'I look to things that bring joy, especially in difficult times.'
